PROFESSIONAL EXPERIENCE

Plexamedia, Gadsden, AL

SEO/Support Manager

May 2023 – Present

- Managing over 200+ client web hosting across WPEngine and Hostinger, including site provisioning, SFTP access, DNS configurations, domain accounts, and record troubleshooting.
- Leading support staff operations, triaging an average of 80 client tickets and various calls weekly while delegating issues across the team as appropriate.
- Building client websites from concept to launch and while conducting SEO audits with targeted optimizations to improve search visibility and site performance scores.
- Analyzing server traffic patterns and reduced inorganic visits by 90% through identification and filtration of bot and AI crawler activity, with zero impact on billable traffic.
- Configuring Google Tag Manager to deploy custom analytics events and ad/form tracking triggers, supporting data-driven marketing initiatives.

Support Staff

Feb 2021 – May 2023

- Managed WPEngine hosting and server environments for development site setup, including SFTP access, plugin management, and routine updates.
- Provided client support via tickets and calls, while conducting regular site audits to identify and address performance issues.
- Designed and built client websites from concept to launch, translating meeting notes and briefs into fully developed sites.
- Planned and scheduled social media content for the company and approximately a dozen client accounts monthly.

Professional Certifications

- Microsoft Certified: Azure Fundamentals (AZ-900) 2021
